PROFESSIONAL SUMMARY

Motivated MCA student specializing in Data Science & Analytics, with hands-on experience in Java full-stack development, data analysis, and Python-based intelligent systems. Skilled in building responsive web applications using React, Next.js, and Java, alongside implementing computer vision and custom AI solutions. Strong analytical problem-solver seeking impactful software development and data-driven roles.

EXPERIENCE

Skylx Technologies | Bengaluru, India

Jan 2026 – June 2026

Java Full Stack Developer Intern

- Designed responsive web applications and a To-Do List application integrating HTML, CSS, JavaScript, and Java backend logic.
- Improved UI/UX consistency and optimized components to ensure seamless usability across the platform.
- Performed version control using GitHub for structured project delivery and collaborative codebase management.

TECHNICAL PROJECTS

AI-Powered Financial Tracking Platform

React.js, Next.js, AI Integration

- Developed a modern financial tracking web application enabling seamless expense tracking and data visualization.
- Integrated and tested a custom AI module using sample bill images to verify financial data extraction and logic.

Computer Vision-Based Traffic Signal Violation Detection

Python, Computer Vision

- Built a computer vision detection system to monitor and accurately flag traffic signal violations.
- Managed a dedicated repository to execute, modify, and optimize Python scripts for robust object detection.

Movie Trailer Sentiment Analysis

Python, Data Analytics

- Compiled and structured a 300-row dataset capturing audience reactions to a specific movie trailer.
- Analyzed structured data arrays to evaluate overarching sentiment utilizing Python scripting and data validation logic.

Student Grading System

PHP, SQL

- Built a secure web-based portal to effectively manage student records, validate database inputs, and track academic performance.

EDUCATION

AMC Engineering College | Bengaluru, India

2024 – Present

Master of Computer Applications: Data Science & Analytics

CGPA: 7.5

Arignar Anna College (Arts & Science) | Krishnagiri, India

2021 – 2024

Bachelor of Computer Applications

SKILLS & EXPERTISE

Languages	Python, Java, C++, SQL, PHP, HTML, CSS, JavaScript
Frameworks / Libraries	React.js, Next.js, Pandas, NumPy, Matplotlib, Seaborn, TensorFlow, Scikit-Learn
Tools / Platforms	Power BI, Tableau, Git/GitHub, MySQL, Jupyter
Core Competencies	Data Structures & Algorithms (DSA), Machine Learning, NLP, EDA, Backend Integration

CERTIFICATIONS

- **Infosys Springboard:** Introduction to AI | Deep Learning | Computer Vision 101 | OpenAI GPT Models
- **Simplilearn SkillUp:** Introduction to Data Visualization | Java Programming for Beginners
- **IBM SkillsBuild:** Cybersecurity Fundamentals | Information Technology Fundamentals
